S i r :

In response to the Notice of Non-Compliant Amendment mailed August 21, 2006 attached is a corrected claim section to replace the section in the preliminary amendment filed January 31, 2006. The corrected section provides a claim identifier for claim 44.

The PCT claims, as filed, contained a numbering error. Specifically, the numbering skipped from 141 to 144 (i.e., no "142" or "143"). Hence, in accordance with 37 CFR 1.126, misnumbered claims "144" to "149" must be renumbered as 142-147. This has been indicated in the corrected claims section by striking out the old (invalid) claim number and underlining the new (correct) claim number.

The correction of the numbering of these claims in turn necessitated correction of dependencies in claims 142-146 (as renumbered). That is, a claim dependent on "143" should have been dependent on 141, and those dependent on "145" should have been dependent on 143.

Respectfully submitted,
